Cristian Marrero

Web Developer

kristianmarrero04@gmail.com +53 56876345 Cuba github.com/Kr1XM0

Summary

Junior Web Developer with self-taught training and over 100 hours of hands-on practice in personal projects. I am proficient in technologies such as HTML, CSS, JavaScript, React, and Node.js. My approach is to learn quickly, solve problems creatively, and contribute to the development of impactful technological solutions.

Professional Experience

Freelance Developer 2025 – Present
Cuba

- Designed and developed a functional online store, customizing the design to match the store's branding.
- Optimized user experience to improve navigation and conversion rates.
- Resolved technical issues (e.g., cart adjustments, checkout errors).

Inventory and Administrative Assistant 2024 – 2025
Cabaiguan, Cuba

- Managed inventory tracking, recording stock entries and exits using Excel.
- Generated weekly stock reports to prevent shortages or overstock.
- Collaborated with store owners to optimize purchasing and sales processes.

Education

Bachelor of Science, *Leonel Fraguela Castro* 2019 – 2022
Matanza, Cuba
